Comprehensive Approach to Fiscal Strategies

Working Differently

Comprehensive Approach needs to:

Expand the pie

Push thinking that is beyond how you normally work

Reimagine how you think about funding and who you work with

Move from reactive and protective

Fiscal Vision and Agenda

Why?

Decisions impact all ages
Opportunity to align efforts/quality approaches
Leverage across sectors and ages
Address unproductive competition

Additional benefits?

Principles

A system that...

- works for all children and ensures that programming reaches and positively impacts those children farthest from opportunity;
- > is fair to providers and supports their developing capacity for quality implementation;
- uses public resources wisely and efficiently, augmenting private resources from those families who can afford it;
- > acknowledges embedded societal inequities and implements changes to remediate inequity;
- > compensates the workforce at a level that allows for financial stability and acknowledges their significant impact on child development;
- > supports the entirety of a child's experiences before entering kindergarten, including prenatal supports for expectant mothers.
